

Managing Feedback

1. What is called feedback and its types?

A. The opinion of seniors or colleagues, the review and comments given on the work which have been done, is called Feedback.

Feedback mainly has 2 types, negative feedback and positive feedback.

2. Importance of Feedback at work place.

A. Feedback is important at work place because on the basis of feedback, employees get motivated, they make themselves their own competitors. It is beneficial to that employee and for the seniors.

3. How to manage Feedback?

A. After getting a positive feedback, we shouldn't get arrogant about the work which we do. We should keep doing hard work, to take work seriously at work or job.
